# Welcome Message

Dear friends and colleagues from Japan and Korea

It gives me great pleasure to invite you to the 11<sup>th</sup> Japanese and Korean Friendship Conference on Surgery for Cerebral Stroke (JKFC), which will be held in Seoul from September 14<sup>th</sup> to 15<sup>th</sup>, 2012.

I believe that many of us had unforgettable memories in the last meeting in Huis Ten Bosch, Nagasaki, in 2010. Being continued to relay the mutually growing friendship and to deepen the academic knowledge in the field of cerebrovascular disease, this 11<sup>th</sup> JKFC will be the ample opportunities to step forward meaningfully once again.

Recent noticeable shifts of paradigm in the management of cerebral stroke have been amplifying the academic and socioeconomic interest unprecedentedly. It leads us to face rocketing number of new concepts, evidences, tools and techniques in daily practices. Therefore, it is of prime importance to share their experiences, to discuss their opinions, to get inspired from their thoughts, and to promote intimate relationship for ceaseless progress. I sincerely hope that this friendship conference could play a representative role to achieve all the purpose for all the participants from two countries.

Seoul is full of must-see attractions from relics of the Ancient Joseon Dynasty to global landmarks of modernity. Sky in September would be beautifully high and clear. I would like to welcome you all to join 11<sup>th</sup> JKFC in sweet season in dynamic city.

Thank you.

**Seung Kon Huh, MD, PhD**

President

The 11<sup>th</sup> Japanese and Korean Friendship Conference for Cerebral Stroke  
Professor of Cerebrovascular Surgery Department of Neurosurgery  
Yonsei University College of Medicine, Seoul
